ABOUT THE REVA UNIVERSITY, INDIA

REVA University has been established under the REVA University Act, 2012 with the vision to instil awareness, a zeal for higher learning and inquisitiveness in the minds of students through education. REVA University was conceptualised to bring change in the lives of students through the revisualisation of present academic scenario. The University breathes and practises an ideology that takes education to greater heights by motivating each learner. The Founder of REVA University believes in the adage 'Knowledge is Power'. Driven by this power of transforming lives, REVA succeeded in its educational endeavours by creating knowledge societies, imparting quality education and building responsible future generations.

The University prides itself in contributing to the holistic development of every student. The University currently offers 32 Undergraduate Programmes, 25 full-time Postgraduate Programmes, 2 part-time Postgraduate Programmes, Ph.D. Programmes in various disciplines and several Certificate/Diploma and Postgraduate Diploma Programmes in Engineering, Architecture, Science and Technology, Commerce, Management Studies Law, Arts & Humanities, and Performing Arts. The programmes offered by REVA University are well planned and designed based on in-depth analysis and research with emphasis on knowledge assimilation, practical applications, hands-on training, global and industrial relevance, and social significance.

REVA University believes in preparing students through Choice Based Credit System (CBCS) and Continuous Assessment and Grading Pattern (CAGP) of education. The CBCS and CAGP patterns of education have been introduced in all programmes to enable students to opt for subjects of their choice in addition to the core subjects of study and prepare them with required skills. It also provides opportunities for students to earn more credits and thereby acquire additional Proficiency Certificates and Diplomas.

ABOUT THE SCHOOLS

The School of Mechanical Engineering, REVA University is headed by dedicated and experienced professor of Mechanical Engineering and is supported by well qualified faculty members. The schools has state-of-the-art classrooms and well equipped laboratories. The school offers B.Tech & M.Tech Programmes. It also has research programmes leading to Doctoral degree. The curriculum of both graduate and postgraduate degree programmes have been designed to meet the present and future mechanical engineers. It attempts to bridge the gap between academia and industries.

SCOPE

The conference will have plenary lectures followed by parallel sessions. Plenary lectures will be delivered by eminent personalities of repute to introduce the theme of the conference. Conference is to provide a platform to Researchers, Young aspiring Engineers, Academicians & PG students, to present their research findings of their respective domains of knowledge and share ideas and views.

MECHANICAL ENGINEERING

- Metallurgy & Materials Science
- Composites, Mechatronics • Ingot Metallurgy
- Powder Metallurgy • Rapid Solidification
- Nano Materials • Thermal Coatings
- Design Engineering, CAD, CAM & CAE
- Rapid Prototyping & Reverse Engineering
- Virtual Reality, Alternate fuels • Thermal Engineering
- Energy Engineering
- Industrial Engineering & Management
- Product Design & Development
- Tool Design, Nano & Smart Materials
- Aeronautical & Automobile Engineering
- Ingot Metallurgy • 3-D Printing • Robotics
- Artificial intelligence • Internet of Thinking(IoT)
- Machine learning and Python Programming
- Computational Fluid dynamics
- Automation 4.0
